Big size breaking foot for cutting the tile easier. Kit wheel Ø 15 mm.

Tile cutting possible in every point due a new system of angulation between the wheel and the breaking foot.

Carriage slide in technopolymer of hight resistance.

Advantages:

- the slide runs on the bars faster avoiding clogging;
- no risk of oxid on the slide;
- no oil's use.

Sliding carriage on oval chromium plated bars and base in shaped steel for having hight rigidity.

Diagonal fence adjustable from 45° to 90° (only available on Basic Plus model) and graduated scale in cm. and inch.

New and ergonomic design.
